Fact Sheet - Academic Year 2024/25

Admissions Requirements	We welcome applications from candidates currently studying at our exchange partner institutions. Please check our website for the academic areas students can apply for at SHU. Most exchange opportunities are for level 5 undergraduate programmes and students need to have completed the first year in a related undergraduate degree prior to arrival. Students will need to provide any available academic transcripts. For postgraduate exchanges we require evidence of an appropriate undergraduate qualification. Students are required to select a minimum credit load of 60 CATS (30 ECTS) per semester. Alternative modules may be offered to applicants depending on demand for places and timetabling considerations.
Language Requirements	For students studying with us for one semester, we will accept confirmation from the partner as part of the nomination process that the student meets the requirements as set out in our agreement. Students coming for the full academic year will need to apply for a Student Visa and will need to have a Secure English Language Test qualification (SELT).
Visa Requirements	To study in the UK on an exchange for a semester (up to six months or less) students require a Standard Visitor Visa. Students whose nationality is listed on the UK Government's Non Visa National list are required to apply for this in advance – see Immigration Rules Appendix Visitor: Visa national list - Guidance - GOV.UK. Students whose nationality is not listed can secure this on arrival at the UK border. Students studying in the UK for a full academic year will need to apply for a Student Visa and also have a Secure English Language Test qualification (SELT) in order to secure their visa.
Language of Study	All teaching and assessment will be in English.
Language Development	The University English Scheme offers academic language development for exchange students. Information will be made available during induction week in September or January.
