

University of Galway Erasmus Exchange Factsheet 25/26

Our University

Established in 1845, **University of Galway** is one of Ireland's oldest and most prestigious universities, with a distinguished record in teaching and research. As a **research intensive institution** it boasts more of the world's most influential scientific minds than anywhere else in Ireland and it has the highest success rate in Ireland for prestigious European Union research funding. Its talent has been bolstered by a recent €400m capital campaign which has provided the University with the most modern state-of-the-art facilities.

University of Galway has a rich and varied student life offering a wealth of experience outside the classroom. With over **110 societies and over 50 clubs** you can share your passion for your favourite sports, hobbies, and interests with other students. Joining a Society will help you make friends, learn new skills, pursue your interests, broaden your horizons, and go on great trips.

Galway City

Galway is an exciting place to be a student. It is big enough to have everything; shopping facilities, theatres, restaurants, music venues, and sports facilities – while small enough to feel intimate and welcoming. **Set between Connemara and the Burren, on the broad sweep of Galway Bay, our location is as distinctive as it is beautiful.** Galway casually combines the energy of a young and diverse population, with the authenticity of a place steeped in history and tradition.

We are renowned as a place where arts and theatre are celebrated. The city is a cultural hub, attracting thousands to its many festivals throughout the year. Galway is Ireland's third largest city, and it's easy to get around. Once you get to know our city, we're sure you'll grow to love it.

Accommodation

On-Campus

University of Galway has a small number of on-campus beds dedicated to our Erasmus Students. To ensure a fair process, we will be holding a lottery for these beds.

Students must have been nominated and applied by April 30th to be entered into the lottery.

We emphasize the importance of students exploring the option of private accommodation in the meantime. Most students (across domestic, international and study abroad) live off-campus in private accommodation. Many students live on the outskirts of the city and commute via public transport. Because this is the usual practice, we are well set up to help students source off-campus accommodation.

We regret that, apart from this, the university is not able to reserve accommodation for incoming Erasmus students. *All accommodation enquiries should be directed to the **Accommodation Advisory Service**.*

Off-Campus

University of Galway's [Accommodation Advisory Service](#) offers advice and assistance.

University of Galway has a purpose-built portal for off-campus accommodation called [Studentpad](#).

Please note: Accommodation demand is always high, and we highly recommend starting students start their accommodation search as soon as possible. Students should also be on high alert for Accommodation scams.
